

Business Spotlight

Michelle L. Burlingame recently opened her orthodontic practice at 220 Church Ave in Ballston Spa. Originally from the neighboring town of Galway, Dr. Burlingame graduated from Galway High School. Her education then led her to Ithaca, NY where she received a B.S. in Biology from Cornell University. Following her time in Ithaca, she moved to Farmington, CT and attained her D.M.D at the University of Connecticut School of Dental Medicine. Most recently, Dr. Burlingame completed a three-year residency program in orthodontics as well as a Master of Science at the University at Buffalo.

The decision to open her practice in Ballston Spa was an easy one for Dr. Burlingame, as Ballston's character and small town feel were exactly what she was looking for in a town to build her practice and start a career. She found a place where she is excited to become a part of the community both professionally and personally.

Dr. Burlingame and her husband, Scott, enjoy being outdoors in the Adirondacks and taking advantage of all the area has to offer. They now live in Ballston Spa and can be found taking their two Labrador retrievers, Pacer and Colden, for walks around the town. Dr. Burlingame's parents, George and Sandy Stanislawsky, having both grown up in Ballston Spa, are excited to have their daughter and her family back home to stay.

Burlingame Orthodontics offers braces for all ages as well as Invisalign in a friendly and inviting atmosphere. Additional information can be found at www.BurlingameBraces.com.
